

HAULAWAY STORAGE & SOLID WASTE

540 TOPEKA WAY
CASTLE ROCK, CO. 80109
303-683-8887
M-F 7:00am-5:00pm

Thank You for Choosing Haulaway for Your Weekly Trash Collection!

TRASH REMOVAL: Haulaway is proud to have been chosen as the new waste **and recycling** service provider for the Sterling Pointe community starting January 1st, 2014. Due to the fact that Wednesday of that week is New Years Day, your first trash pick up will be on **Thursday January 2nd (one day delayed)**. Please place your 65gal trash toter, bags, and/or cans **on the curb the night before or by 7:00 am on Wednesdays (Thursday the first week due to the Holiday)**.

Haulaway will provide each resident with one 65gal trash toter to be delivered at least one week prior to January 2nd. Every resident is also allowed a second 65gal toter at no charge that can be used for trash or recycling if needed. **You must call our office to request the second container and please specify if you will be using it for trash or for recycle.** Any of the extra toters ordered before December 15, 2013 will save the \$10.00 delivery fee because we will deliver them with the initial load of trash toters. We do ask **all trash be bagged and tied** inside or outside of your trash containers to eliminate waste blowing around and animal access. **If you spray a little watered down Vinegar or Bleach on your lids and/or bags, it will help to keep the animals away.** All customers are also allowed 1 large item per month at no extra charge if scheduled through Haulaways Customer Service Representatives **2 days before your service day.**

YARD WASTE: Grass clippings and leaves **must be bagged and weigh less than 40 pounds per bag.** Tree limbs must be cut into sections no greater than **3 feet** in length with no branch larger than **4 inches** in diameter. Each bundle must weigh **less than 40 pounds as well.** You're welcome to put out up to **4 bundles** per week on top of the bagged trash that we allow.

UNACCEPTABLE ITEMS: Haulaway will not remove: **Tires, rocks, concrete, carpet, drywall, lumber, dirt, sod, tree stumps, paint, motor oil, fencing, animal carcasses, appliances containing Freon, E-Waste, other construction or remodeling debris, combustibles or toxic wastes.** For construction related waste, please call our Customer Service Representatives for construction debris roll off box service.

HOLIDAY SCHEDULE: We will be running on a delayed schedule for the following nationally recognized holidays: **New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas Day.** If your scheduled collection day falls before a holiday, your service will be on its regularly scheduled collection day. **If your service falls on or after the holiday, your trash will be collected one day later on Thursday.** If the holiday is on a Saturday, your service will be on its regularly scheduled collection day. **If the Holiday falls on a Sunday, it will be observed on Monday, and everyone is delayed one day.**

OTHER SERVICES OFFERED: Not only do we offer curbside collection, we can also take care of your business and/or special project needs. With a wide range of **dumpsters (3 to 8 cubic yards), construction and debris boxes (20 and 30 cubic yards), and storage containers (10 to 40 feet),** there is no job too big or too small for us to handle. Just call one of our friendly Customer Service Reps and they will be happy to take care of all your waste and storage service needs.

Thanks again for choosing Haulaway for all your refuse and storage needs!

Recycling Service

Recycling Information

The first recycle pick up will not be until January 8th so there is no delay in service for that week. Please have your recyclables out by **7am** on designated Wednesdays (See recycle calendar) and there is no need to separate recyclables (**Single Stream**).

If providing your own recycle container(s), please make sure they are 65gal or less and **clearly marked "RECYCLE"** with a magic marker, recycle sticker, etc. To help with any confusion, please set your recycling a couple feet away from your trash or on the other side of your driveway if possible.

Below is a complete list of what our recycling center will and will not accept:

What kind of paper products can be recycled?

All white and colored paper, Magazines, Coated paper, Folders-manila-coated or colored, Adding machine tape, Post-it notes, Brochures, Pamphlets, Newspapers- including inserts (**no plastic newspaper bags**), Junk mail, Envelopes, Computer printouts, Posters, All correspondence-direct mail, and All paperboard (cereal and soda boxes) or Cardboard (**both MUST be completely flattened**).

Please do not include:

Carbon paper, paper plates, paper cups, tissue paper, waxed paper, lunch bags, napkins, paper towels, candy wrappers, and Styrofoam.

What other than paper products can be recycled?

#1, #2, #3, #4, #5, #6, and #7 "**washed out**" plastics (any plastic product with the recycle symbol and a number), Glass (colored or clear), aluminum, and tin cans (you may leave the labels on, but please remove the lids). **Please do not include plastic bags (grocery, newspaper, or trash bags) oil, pesticide, or hazardous material bottles.**
